## REPUBLICAN PRESIDENTIAL TASK FORCE

---

# Donald J. Trump

President of the United States

Monday Morning

I'm not one to mince words so I'm going to get right to the point.

I need your help and I need it NOW.

The Big Government Socialist Democrats running against me for President – along with their allies in Congress and the Left-leaning special interest groups – are continuing their massive non-stop propoganda campaign and bogus witch hunts to destroy me and our Republican Party.

Working with the Liberal mainstream media – who is spreading their fake news 24 hours a day – they are doing everything they can to ensure they defeat me in the November Presidential election and capture complete control of our lives, our families, our businesses, and our government.

We can't let that happen.

That is why I have called on the Republican National Committee to immediately launch the **Republican Presidential Task Force**. The Task Force will be made up of my core supporters – a group of individuals committed to helping us build a state-of-the-art campaign organization unsurpassed in American politics.

today I am asking you to join key Republicans in Louisiana and across the country who are making a commitment to support me and our agenda by becoming a **Charter Member of the Republican Presidential Task Force**.

With your help today, we will create an army of dedicated Americans who will battle back against those who are working to defeat me and take our nation down a disastrous path to Big Government Socialism.

Your first call to action as a Presidential Task Force Member is to complete and return the enclosed **Task Force Strategy Survey by April 27th**. Your personal opinions will be extremely valuable in helping me gain an on-going and in-depth understanding of the issues which are of greatest concern to you, your family, and your community.

At the same time, I also urge you to return a generous Membership Contribution of \$10, \$15, or even \$20. The Task Force will be funded solely by individuals like you and it is going to take millions of dollars to enable us to enhance our voter outreach, strengthen our grassroots operations, and better deliver our message – the truth about our agenda – to all Americans.

the hard-fought 2018 elections served as a resounding “wake up call” for the upcoming Presidential election. Clearly, we need to act today to make sure we have the funds to refute the Democrats' lies and make sure we are listening to, and are focused squarely on, the priorities of the American people. We must prove to ALL voters that our agenda is what is best for their future.

(Over, please)

That is why the answers you provide in your Task Force Strategy Survey are so important. Your personal opinions will help my campaign shape our strategy and allow me to continue to implement a bold agenda that reflects the priorities of the citizens of this country – one that will frame the national debate, strengthen our Republican voice in setting policies, increase our voter turnout, and keep our nation on a secure, prosperous course.

Unfortunately, right now, with our nation so politically divided and the Democrats and mainstream media constantly spreading fake news about me and our Republican policies and achievements, it is difficult to get the real facts about our agenda out to Americans all across the country.

The truth is, the Liberal media doesn't want Americans to know that my administration has consistently delivered on my campaign promises.

Since I was sworn in as our nation's 45<sup>th</sup> President – and with your amazing support, I might add – we passed the largest tax cut in America's history. Record new jobs have been and continue to be created, the size of the federal government is being reined-in, and we are moving forward to fix our nation's broken immigration system, replace our aging infrastructure, tap into our country's huge energy assets, rebuild our military, and put our nation on a strong path to success for years to come.

But now with the 2020 Presidential election gearing up and the Democrats in control of the U.S. House, Nancy Pelosi, Adam Schiff, and their Liberal cronies are focusing all their attention on conspiracy theories and unending witch hunts. They are working daily to bring our accomplishments to a screeching halt, block legislation in Congress, hold up Presidential appointments, investigate my every move, and work relentlessly to stop us from doing what's best for America.

My foes are going all-out to sell the American people their Big Government Socialist laundry list of extremely costly Left-wing ideas. These include “free” national health care for all, open borders for all immigrants, support for sanctuary cities, slashing U.S. military spending, government-paid college tuition for all, dangerous abortion policies, allowing inmates to vote, massive government programs with incalculable costs, and a Big Government “tax the rich” agenda that will deliver a giant blow to our nation's economy.

**And shockingly, they are now calling on lowering the voting age to 16, making Washington, D.C., a state, packing the Supreme Court, and abolishing the Electoral College – one of the basic principles of our Republic.**

If they succeed, these changes would permanently alter our nation – the nation that generations of Americans fought for and died for – and put the Big Government Socialist Democrats in charge for decades to come.

We can't let our nation go down that bleak and desolate path.

**I WON'T LET OUR NATION GO DOWN THAT BLEAK AND DESOLATE PATH.**

The bottom line is this – a Democrat victory would be catastrophic for our agenda, our Party, and our Nation – making this the most important Presidential Election in our lifetime.

**It is the role of the Presidential Task Force to make certain they do not succeed and why it is critical that you return your completed Task Force Strategy Survey immediately.**

To win and keep the White House in Republican hands, we need to go to exceptional lengths to build a winning campaign – and a strong Task Force is going to be at the heart of it.

(Next page, please)

So please, Mr. Rogers, return your completed Task Force Survey along with a generous Membership Contribution of \$10, \$15, \$20, or whatever amount you can send at this time to ensure I am re-elected and that we elect Republican candidates all across the country.

Once I receive your Membership Acceptance, I will forward your 2020 Membership Card and Task Force Lapel Pin that will serve as proud symbols of your Membership. Your pin is designed to be recognizable at VIP functions here in Washington, D.C., and throughout the country.

Your membership will also entitle you to be invited to private political meetings where you will be briefed on campaign developments as we build up to the November Presidential election.

In addition, you will have the distinction of being included in the Republican Presidential Honor Roll, which will be kept as part of my permanent records. To ensure that you have a lasting acknowledgement of your name being part of this historic document, you will receive a handsome calligraphed Presidential Honor Roll Certificate signed by me. I hope you will proudly display it as a testament to our special relationship and the role you have played in our achievements.

But certainly, the most rewarding aspect of being part of the Presidential Task Force is the knowledge in your heart that you are doing something vital and lasting for your country – that together we are working to protect the freedom, opportunities, and prosperity that are so essential to our shared future.

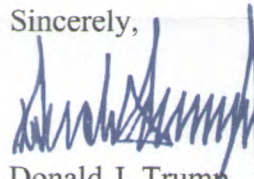

Remember, the Democrats' phony stories and vicious attacks won't stop. Working with the Liberal mainstream media they will continue their non-stop spewing of "fake news" about what you and I believe in. They will do their best to sell a romantic view of Big Government Socialism to voters – and they will continue to take their lies and brainwashing to the extreme to undermine the core unity of the American people.

What they seem to have forgotten is this: we are "one Nation under God, indivisible, with liberty and justice for all."

Mr. Rogers, I've pledged my allegiance to our country. I've pledged that I will never stop fighting for that founding principle around which our great country has been built and I will never stop fighting for you and other Americans who believe in the greatness of our nation. I will do everything within my power to keep that pledge.

Today I ask that you, as a Member of the Presidential Task Force, stand with me from this day forward as I battle to win and fulfill that pledge – my promise – to Keep America Great beyond 2020. Please let me hear from you soon. Your help is critical to our success.

Sincerely,

Donald J. Trump  
President of the United States

P.S. Mr. Rogers, there is no question about it – I need you standing by my side as a member of the Republican Presidential Task Force to support me in my re-election year and help ensure we elect Trump Majorities to the House and Senate. I can assure you that no single political action on your part will help me more than your decision to join the Task Force and stand shoulder-to-shoulder with me as we work together to win against the Big Government Socialist Democrats who want to destroy me, dismantle our great government, and change our way of life.

So please, I urge you to act immediately by completing your **Republican Presidential Task Force Strategy Survey** and returning it with your Membership Contribution of \$10, \$15, or even \$20 in the enclosed envelope. Thank you.
