

CONGRESSWOMAN
KAT CAMMACK
 AMERICA FIRST CONSERVATIVE (R-FL)
 YOUNGEST GOP WOMAN IN CONGRESS

Dear

As the youngest Republican woman in Congress, I'm fighting every day to defend the promise of America for my generation -- and yours.

Because ours is a nation under siege.

And the single greatest threat to our national security – and to the future of freedom in America – is the invasion at our southern border.

I'm Kat Cammack.

If that name doesn't sound familiar, I'm the new pro-Trump conservative Congresswoman representing the good people of north central Florida.

And today I'm asking for your support and a \$35 donation as I work to expose the Open Borders Democrats' plot to flip my home state of Florida – and the rest of our great country – blue through illegal immigration and mass amnesty.

Mr. Rogers, the far-left Democratic operatives who run Joe Biden's administration claim to care about illegal immigrants...

But that's a lie.

And I can prove it.

Because unlike Kamala Harris -- who chose to ignore the immigration crisis for months -- I have traveled to the **actual border three times.**

I have spoken with exhausted local law enforcement who have been pushed to their limits. I have met with overwhelmed and underfunded border patrol agents who admitted to me

that the conditions at the border were the worst they'd seen in over 20 years...

And they told me the horror stories that our corrupt media REFUSES to cover:

- Young girls who have been gang raped.
- Kids being “recycled” by cartels to bring adults across the border.
- Criminal cartels making millions per day trafficking people and drugs.
- Record-breaking levels of Chinese fentanyl pouring into our communities.
- Apprehension of individuals on the global terror watch list.

Not to mention the hundreds of thousands of “**got-aways**” -- illegal border crossers who have escaped into the interior of the country.

Simply put, the invasion at the border isn't staying at the border -- and now every town in America is a border town.

And Joe Biden is complicit in this unprecedented lawlessness and misery -- making our border a **global hot spot** for the worst human trafficking crisis our country has ever seen.

What's worse, we know that all of this was preventable. Thanks to President Trump's successful immigration policies, Joe Biden inherited the most secure border in decades.

But now our national sovereignty is under attack.

That's why I sponsored a joint resolution to recognize border states' Constitutional right to defend their citizens and repel the invading criminal cartels and the illegal immigrants they traffic.

But the Open Borders extremists who are calling the shots in Washington don't want a secure border. And they don't want law and order.

What they want is chaos and an immigration free-for-all so they can alter the American electorate and cement their socialist power grab for generations.

Make no mistake, the stakes couldn't be higher.

Our last, best hope to finish the Wall, stop amnesty, and save our country will be to take back the House – and that starts with holding critical seats like mine.

As a millennial conservative, I ran for Congress to preserve the American Dream for future generations...

But the promise of American freedom and opportunity won't survive if open borders remain and socialist Democrats expand their majorities in Congress next year.

That's why the fight to take back our government from these lawless, America Last extremists must start TODAY.

And I can't overstate how important it is for every conservative to band together to help take back the House in 2022.

Because I can't fight this battle alone -- I need to know I have an army of patriots supporting me.

Remember, I'm the youngest GOP female representative -- and a freshman member of Congress -- so my campaign will be starting from scratch. That means I need to report the strongest fundraising numbers possible so I can defend this seat from the radical Left's attacks.

So please don't delay.

If you agree with me, that we must restore President Trump's America First agenda to stop the assaults on our national sovereignty, our safety, and the rule of law, then there are few investments that are more important than this one.

Please use the enclosed reply envelope to rush back your **Kat for Congress** urgent reply along with your \$35, \$50, \$100 or \$250 gift as soon as possible.

Your gift in any amount -- from \$35 all the way up to the \$2,900 limit -- will make sure I have the resources I need to defend this seat. And will show the open borders elites that patriots stand with me to defend our border, law and order, and our freedoms.

Thank you for reading my letter and I hope to hear from you very soon.

Respectfully,

Kat Cammack, Congresswoman (FL-03)

P.S. Trafficker-In-Chief Joe Biden wants to permanently alter the American electorate and cement the Left's power-grab for generations. Please help me fight back -- for the sake of my generation and yours. Rush back your **Kat for Congress** urgent reply and \$35 pledge of support as soon as possible. *Thank you!*
